HCAHPS
Telephone Script (English)

Overview
This telephone interview script is provided to assist interviewers while attempting to reach the patient. The script explains the purpose of the survey and confirms necessary information about the patient. Interviewers must not conduct the survey with a proxy.

Note: No proxy respondents are permitted in the administration of the HCAHPS Survey. However, an individual may assist the patient by repeating questions or with translation of the survey -- but only the patient may provide answers to the survey.

General Interviewing Conventions and Instructions
• The telephone introduction script and HCAHPS questions must be read verbatim
• Practice pronouncing the patient’s name before initiating the call
• It is optional to include the day of the week, e.g., Monday, with the discharge date (mm/dd/yyyy)
• All text that appears in lowercase letters must be read out loud
• Text in UPPERCASE letters must not be read out loud
  o However, YES and NO response options are to be read if necessary
• All questions and all answer categories must be read exactly as they are worded
  o During the course of the survey, the use of neutral acknowledgment words such as the following is permitted:
    ▪ Thank you
    ▪ Alright
    ▪ Okay
    ▪ I understand, or I see
    ▪ Yes, Ma’am
    ▪ Yes, Sir
• Read the scripts from the interviewer screens (reciting the survey from memory can lead to unnecessary errors and missed updates to the scripts)
• Adjust the pace of the HCAHPS Survey interview to be conducive to the needs of the respondent
• No changes are permitted to the order of the HCAHPS Survey (Questions 1-29)
• No changes are permitted to the order of the answer categories for the HCAHPS questions
• All transitional phrases must be read
• Text that is underlined must be emphasized
• Characters in < > brackets must not be read
• [Square brackets] are used to show programming instructions that must not actually appear on electronic telephone interviewing system screens
• Only one language (i.e., English, Spanish, Chinese, or Russian) must appear on the electronic interviewing system screen
MISSING/DON’T KNOW (DK) is a valid response option for each item in the electronic telephone interviewing system script; however, this option must not be read out loud to the patient. MISSING/DK response options allow the telephone interviewer to go to the next question if a patient is unable to provide a response for a given question (or refuses to provide a response). In the survey file layouts, a value of MISSING/DK is coded as “M - Missing/Don't know.”

Skip patterns should be programmed into the electronic telephone interviewing system

- Appropriately skipped questions should be coded as “8 - Not applicable.” For example, if a patient answers “No” to Question 10 of the HCAHPS Survey, the program should skip Question 11, and go to Question 12. Question 11 must then be coded as “8 - Not applicable.” Coding may be done automatically by the telephone interviewing system or later during data preparation.

- When a response to a screener question is not obtained, the screener question and any questions in the skip pattern should be coded as “M - Missing/Don't know.” For example, if the patient does not provide an answer to Question 10 of the HCAHPS Survey and the interviewer selects “MISSING/DON’T KNOW” to Question 10, then the telephone interviewing system should be programmed to skip Question 11, and go to Question 12. Question 11 must then be coded as “M - Missing/Don't know.” Coding may be done automatically by the telephone interviewing system or later during data preparation.

NOTE: SEE INTERVIEWING GUIDELINES IN APPENDIX P FOR GUIDELINES ON HOW TO HANDLE DIFFICULT TO REACH PATIENTS.

SPEAKING WITH SAMPLED PATIENT

INTRO Hi, this is [INTERVIEWER NAME], calling (OPTIONAL TO STATE from [DATA COLLECTION CONTRACTOR]) on behalf of [HOSPITAL NAME]. (MIXED MODE OPTIONAL TO STATE: A few weeks ago, we mailed you a survey about your recent experience at [HOSPITAL NAME] and now we would
like to follow up.) [HOSPITAL NAME] is participating in a survey about the care people receive in the hospital. Your responses will help improve the quality of hospital care and help other people make more informed choices about their care.

Participation in the survey is completely voluntary and your answers will be kept private. It should take about 7 minutes [OR HOSPITAL/SURVEY VENDOR SPECIFY] to complete.

This call may be monitored (OPTIONAL TO STATE and/or recorded) for quality improvement purposes.

OPTIONAL QUESTION TO INCLUDE:
I’d like to begin the survey now, is this a good time for us to continue?

[NOTE: THE STATED NUMBER OF MINUTES TO COMPLETE THE SURVEY MUST BE AT LEAST 7 MINUTES. IF SUPPLEMENTAL ITEMS ARE ADDED TO THE SURVEY, THIS NUMBER SHOULD BE INCREASED ACCORDINGLY.]

READ ALL RACE CATEGORIES, PAUSING AT EACH RACE CATEGORY TO ALLOW PATIENT TO REPLY TO EACH RACE CATEGORY.

IF THE PATIENT REPLIES, “WHY ARE YOU ASKING MY RACE?”:

We ask about your race for demographic purposes. We want to be sure that the people we survey accurately represent the racial diversity in this country.

IF THE PATIENT REPLIES, “I ALREADY TOLD YOU MY RACE”:

I understand, however the survey requires me to ask about all races so results can include people who are multiracial. If the race does not apply to you please answer “No.” Thanks for your patience.

Q28 When I read the following, please tell me if the category describes your race. I am required to read all five categories. Please answer “Yes” or “No” to each of the categories.
