The Centers for Medicare & Medicaid Services (CMS) is granting exceptions under certain Medicare quality reporting and value-based purchasing programs to acute care hospitals, inpatient psychiatric facilities, skilled nursing facilities, home health agencies, hospices, inpatient rehabilitation facilities, renal dialysis facilities, long-term care hospitals, and ambulatory surgical centers, as well as Merit-Based Incentive Payment System (MIPS) eligible clinicians, located in areas affected by Hurricane Nate due to the devastating impact of the storm. These healthcare providers and suppliers will be granted exceptions without having to submit an extraordinary circumstances exception request if they are located in one of the Alabama or Mississippi counties listed below, all of which have been designated by the Federal Emergency Management Agency (FEMA) as a major disaster county. The scope and duration of the exception under each Medicare quality reporting program and value-based purchasing program is described below; however, all of the exceptions are being granted to assist these providers while they direct their resources toward caring for their patients and repairing structural damages to facilities.

NOTE: On November 16, 2017, FEMA issued a major disaster declaration (DR-4349), for eight counties in the state of Alabama for Hurricane Nate, with an incident period of October 6 – October 10, 2017. On November 22, 2017, FEMA issued a major disaster declaration (DR-4350), for four counties in the state of Mississippi.

Since the last communication released on December 11, 2017, FEMA has designated two additional counties in the state of Mississippi as disaster areas: Hancock and Stone Counties. The healthcare providers and suppliers located in the designated counties will be exempted from CMS reporting programs and reporting periods as indicated. Please note that the October 2017, November 2017, December 2017, January 2018, some of the February 2018 submission deadlines, and any other deadlines as indicated and/or applicable, have already passed. As a result, the exceptions will be retroactively applied where applicable. CMS is closely monitoring the situation for future potential widespread catastrophic events, and will update exception lists soon after any events occur in the future.

1 The terminology “exception and extension” is used as a general term intended for ease of reference, to collectively refer to policies established under separate programs, and may not be consistent with the specific terminology established under each individual program.
The affected counties designated by FEMA under the Alabama Hurricane Nate (DR-4349) and the Mississippi Hurricane Nate (DR-4350) Major Disaster Declarations, as of the date of this communication, are as follows:

The following healthcare providers located outside of the counties listed above are not covered by this communication, but may request an exception to the reporting requirements under one or more Medicare quality reporting or value-based purchasing programs using the applicable extraordinary circumstances exception procedure: acute care hospitals, inpatient psychiatric facilities, skilled nursing facilities, home health agencies, hospices, inpatient rehabilitation facilities, long-term care hospitals, renal dialysis facilities, and ambulatory surgical centers, as well as MIPS eligible clinicians. If FEMA expands the current disaster declaration for Hurricane Nate to include additional counties, CMS will update this communication to expand the list of healthcare providers eligible to receive an exception without submitting a request to include the acute care hospitals, inpatient psychiatric facilities, skilled nursing facilities, home health agencies, hospices, inpatient rehabilitation facilities, long-term care hospitals, renal dialysis facilities, and ambulatory surgical centers, as well as MIPS eligible clinicians located in the additional counties. In addition, CMS will continue to monitor the situation and adjust exempted reporting periods and submission deadlines accordingly.

**Home Health Agencies (HHAs), Hospices, Inpatient Rehabilitation Facilities (IRFs), Long-Term Care Hospitals (LTCHs), and Skilled Nursing Facilities (SNFs)**

CMS is granting an exception to all Quality Reporting Program (QRP) reporting requirements, including the reporting of data on measures and any other data requested by CMS for the post-acute care (PAC) quality reporting programs for calendar year 2017 quarters 3 and 4 (July 1, to December 31, 2017):

- HHAs – Home Health QRP
- Hospices – Hospice QRP
- IRFs – Inpatient Rehabilitation Facility QRP
- LTCHs – Long-Term Care Hospital QRP
- SNFs – Skilled Nursing Facility QRP

CMS will provide additional information about the extension and exceptions related to the PAC QRP submission requirements in subsequent announcements.

For further information about extensions and exemptions, view the program-specific webpages:

- LTCH Quality Reporting Reconsideration and Exception & Extension
- SNF Quality Reporting Reconsideration and Exception & Extension

Hospitals - Inpatient Services

CMS is granting an exception to subsection (d) hospitals located in designated counties for the following reporting requirements under the Hospital Inpatient Quality Reporting (IQR) Program.

For the Hospital Consumer Assessment of Healthcare Providers and Systems (HCAHPS) Survey:

- October 2017* and January 2018* HCAHPS submission deadlines for discharge periods:
  - April 1, 2017 – June 30, 2017 (2nd Quarter 2017)
  - July 1, 2017 – September 30, 2017 (3rd Quarter 2017)

*Please note that the October 2017 and January 2018 submission deadlines have already passed and the exemptions for these deadlines will be applied retroactively where applicable.

For the Influenza Vaccination Coverage Among Healthcare Personnel (HCP) measure:

- May 15, 2018 submission deadline for the 2017 – 2018 flu season:
  - October 1, 2017 – March 31, 2018 (4th Quarter 2017 through 1st Quarter 2018)

For all Hospital IQR Program chart-abstracted measures, including clinical population and sampling data and National Healthcare Safety Network (NHSN) Healthcare-Associated Infection (HAI) measures:

- Median Time from ED Arrival to ED Departure for Admitted ED Patients (ED-1),
- Admit Decision Time to ED Departure Time for Admitted Patients (ED-2),
- Influenza Immunization (IMM-2),
- Severe Sepsis and Septic Shock: Management Bundle (Composite Measure),
- Incidence of Potentially Preventable Venous Thromboembolism (VTE-6),
- Elective Delivery Prior to 39 Completed Weeks Gestation (PC-01),
- Central Line-Associated Bloodstream Infection (CLABSI) Outcome Measure,
- Catheter-Associated Urinary Tract Infection (CAUTI) Outcome Measure,
- American College of Surgeons-Centers for Disease Control and Prevention (ACS-CDC) Harmonized Procedure Specific Surgical Site Infection (SSI) Outcome Measure,
- Facility-wide Inpatient Hospital-onset Methicillin-resistant *Staphylococcus aureus* (MRSA) Bacteremia Outcome Measure, and
- Facility-wide Inpatient Hospital-onset *Clostridium difficile* Infection (CDI) Outcome Measure:
  - November 2017* and February 2018* submission deadlines for discharge periods:
    - April 1, 2017 – June 30, 2017 (2nd Quarter 2017)
    - July 1, 2017 – September 30, 2017 (3rd Quarter 2017)
*Please note that the November 2017 submission deadlines and the February 1, 2018 Population and Sampling deadline have already passed and the exemptions for these deadlines will be applied retroactively where applicable.

For Hospital IQR Program chart-abstracted data validation, medical records are normally due to the Clinical Data Abstraction Center (CDAC) within 30 days of the date identified on the written request letter. For hospitals in designated counties, medical record submission requirements for validation are exempt as follows:

- CDAC record requests for discharge periods:
  - April 1, 2017 – June 30, 2017 (2nd Quarter 2017) *
  - July 1, 2017 – September 30, 2017 (3rd Quarter 2017)

*Please note that the submission deadline has already passed and the exemption for this deadline will be applied retroactively where applicable.

For HAI Validation Template submission:

- February 1, 2018 submission deadline* for discharge period July 1, 2017 – September 30, 2017 (3rd Quarter 2017)

*Please note that the February 1, 2018 deadline has already passed and the exemption for this deadline will be applied retroactively where applicable.

NOTE: Hospitals located within the designated counties listed above should be aware of the potential subsequent impact to the Hospital Value-Based Purchasing (VBP) Program, Hospital Readmissions Reduction Program, and Hospital-Acquired Condition (HAC) Reduction Program Fiscal Year (FY) 2019 minimum case threshold counts for inclusion in these programs. For example, hospitals might be scored solely on the HAC Reduction Program Domain 1 claims-based measure due to non-submissions resulting in not meeting the minimum number of CDC HAI measures with sufficient cases in HAC Reduction Program Domain 2.

**End-Stage Renal Disease Quality Incentive Program (ESRD QIP)**

Renal dialysis facilities located in the above designated counties that were closed will be exempt from all reporting requirements of the ESRD QIP clinical and reporting measures from October 2017 through December 2017. Facilities that desire an exemption beyond December 2017 may submit an Extraordinary Circumstances Exceptions (ECE) request via the established process.

For ESRD QIP clinical and reporting measures, facilities will be exempt as shown in the following table:

<table>
<thead>
<tr>
<th>Exempt Clinical Month</th>
<th>Reporting Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>October 2017</td>
<td>December 31, 2017*</td>
</tr>
<tr>
<td>November 2017</td>
<td>January 31, 2018*</td>
</tr>
<tr>
<td>December 2017</td>
<td>February 28, 2018</td>
</tr>
</tbody>
</table>

*Please note that the December 31, 2017 and January 31, 2018 submission deadlines have already passed and the exceptions for these deadlines will be applied retroactively where applicable.
For the NHSN Measure topic, facilities will not be scored for Payment Year (PY) 2019 since facilities will be unable to submit 12 months of data in the NHSN in order to receive the maximum number of points on this measure topic.

Closed facilities covered under this waiver will not be required to participate in the CROWNWeb or NHSN validation studies for PY 2019. Facilities in other counties and states that may have been impacted by Hurricane Nate may submit ECE requests based on individual circumstances with all required documentation completed. Please refer to the ECE request process and form located on QualityNet for additional information. The form must be signed by the renal dialysis facility’s chief executive officer (CEO) or designee, and submitted via email to the ESRD QIP Mailbox at esrdqip@cms.hhs.gov. This form must be submitted within 90 days of the extraordinary circumstances event.

For further assistance regarding the ESRD QIP information contained in this message, please contact the ESRD QIP at esrdqip@cms.hhs.gov.

**Inpatient Psychiatric Facilities (IPFs)**

CMS is granting an exception to IPFs located in the counties described above for the following reporting requirements under the Inpatient Psychiatric Facility Quality Reporting (IPFQR) Program:

For the Influenza Vaccination Coverage Among Healthcare Personnel (HCP) measure:

- May 15, 2018 submission deadline for the 2017 – 2018 flu season:
  - October 1, 2017 – March 31, 2018 (4th Quarter 2017 through 1st Quarter 2018)

**Hospitals - Outpatient Services**

CMS is granting an exception to subsection (d) hospitals located in the counties described above for the following reporting requirements under the Hospital Outpatient Quality Reporting (OQR) Program:

For the Influenza Vaccination Coverage Among Healthcare Personnel (HCP) measure:

- May 15, 2018 submission deadline for the 2017 – 2018 flu season:
  - October 1, 2017 – March 31, 2018

For all Hospital OQR Program chart-abstracted measures:

- November 2017* and February 2018* submission deadlines for encounter periods:
  - April 1, 2017 – June 30, 2017 (2nd Quarter 2017)
  - July 1, 2017 – September 30, 2017 (3rd Quarter 2017)

*Please note that the November 2017 and February 2018 submission deadlines have already passed and the exemptions for these deadlines will be applied retroactively where applicable.

For Hospital OQR Program chart-abstracted data validation, medical records are normally due to the CDAC within 45 days of the date identified on the written request letter. Hospitals in designated counties are exempt from these validation medical record submission requirements as follows:
• CDAC record requests for encounter periods:
  ▪ January 1, 2017 – March 31, 2017 (1st Quarter 2017) *
  ▪ April 1, 2017 – June 30, 2017 (2nd Quarter 2017)

*Please note that the submission deadline has already passed and the exemption for this deadline will be applied retroactively where applicable.

Ambulatory Surgical Centers (ASCs)

CMS is granting an exception to ASCs located in the counties described above for the following reporting requirements under the Ambulatory Surgical Center Quality Reporting (ASCQR) Program:

• Data collection and submission requirements that apply for the remainder of Calendar Year (CY) 2017 and the 2017/2018 Influenza Season that relate to CY 2019 payment determinations are exempt. These exemptions apply to all data submitted via the QualityNet Secure Portal and the NHSN web-based measure collection tools that are due May 15, 2018, including claims-based measures calculated from submitted Quality Data Codes (QDCs). This exemption does not apply to claims-based measures that do not utilize QDCs for calculation purposes.

MIPS Eligible Clinicians for the 2017 Transition Year*

On November 2, 2017, CMS released the CY 2018 Quality Payment Program final rule and interim final rule with comment period, which established an automatic extreme and uncontrollable circumstance policy, which applies to MIPS eligible clinicians affected by triggering events that affect an entire region or locale, including the California wildfires and Hurricanes Harvey, Irma, and Maria. Given the Hurricane Nate FEMA designation, we consider Hurricane Nate to be such a triggering event, and the automatic extreme and uncontrollable circumstance policy therefore applies to the Alabama and Mississippi counties listed above as well. Please note that the policy does not apply to MIPS eligible clinicians in MIPS Alternative Payment Models (MIPS APMs) in 2017.

The data submission period for the 2017 transition year of MIPS is January 2, 2018–March 31, 2018. MIPS eligible clinicians in FEMA designated areas affected by the California wildfires and Hurricanes Harvey, Irma, Maria, and Nate will be automatically identified. No action is required. However, if you are automatically identified but still choose to submit data on two or more MIPS performance categories (either as an individual or group), you’ll be scored on those performance categories and your MIPS payment adjustment will be based on your final score.

For more information, the 2017 Extreme & Uncontrollable Circumstances Policy for MIPS fact sheet is available. You can also contact the Quality Payment Program Service Center at (866) 288-8292/TTY (877) 715- 6222, Monday through Friday, 8:00 a.m. – 8:00 p.m. ET or by email at qpp@cms.hhs.gov.

*Please note that the MIPS Program was not included in the initial memo but will be included moving forward.

Circumstances Under Which an Exception Due to Hurricane Nate Must Be Requested in Order to be Considered by CMS
Hospital Value-Based Purchasing (VBP) Program, Hospital-Acquired Condition (HAC) Reduction Program, and Hospital Readmissions Reduction Program

Hospitals, regardless of location, may request an exception to reporting requirements under the Hospital Value-Based Purchasing (VBP) Program, Hospital-Acquired Condition (HAC) Reduction Program, and Hospital Readmissions Reduction Program. Unlike our reporting programs, we must also assess measure performance of affected providers to assess any systemic impact on performance, such as a possible increase in affected hospital readmission rates due to patients evacuated from flooded facilities. We ask that providers or facilities directly impacted by flood damage submit individual ECE Requests to the national support contractor by the process stated below. CMS will only consider exception requests that comply with these procedures.

Hospital IQR, OQR, and ASCQR ECE Request Process

Hospitals and ASCs in counties and states outside of the designated areas may submit ECE requests based on individual circumstances by one of the following methods:

- Secure File Transfer via QualityNet Secure Portal, “WAIVER EXCEPTION WITHHOLDING” group,
- E-mail to QRSsupport@hcqis.org,
- Secure fax to (877) 789-4443, or
- Mail to HSAG, Attention: Quality Reporting Support Contractor, 3000 Bayport Drive, Suite 300, Tampa, FL 33607.

Please refer to the ECE Request process and form specific to the program of interest located on QualityNet for additional information.
